DETAILED ACTION

Claims 1-10 are pending in this application filed August 17, 2005.

Applicant's claims are directed toward antiperspirant emulsion compositions.

Claim Rejections - 35 USC § 102

1.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2.

Claims 1-10 rejected under 35 U.S.C. 102(b) as being anticipated by Cai et al
USP No. 6,451,295 B1.

Cai et al disclose clear antiperspirant and deodorant compositions. In column 5, lines 25-27, Cai discloses that said products are made as water-in-oil emulsions. In

column 6, lines 10-12, Cai discloses that the compositions further comprise polyvinyl alcohols which meets the limitation of a polymer comprising Bronsted acid groups. Note also claim 1, component (d). Column 23 discloses that antiperspirant actives of the compositions and the emulsifiers are found in column 24. The reference teaches that the specific emulsifiers are silicone oils in column 25, lines 45-50. Cai et al discloses all aspects of the invention as claimed by applicant in the instant invention.
